

LafargeHolcim France's individual commitments to act4nature international

Deeply convinced that the preservation of the environment is essential for the future of our company, LafargeHolcim has been committed for more than 50 years in favour of biodiversity. While our first actions were focused on quarries, our efforts are now focused on our entire value chain. The roadmap presented below defines our commitments for 2025. A progress report will be carried out every year.

Details of our commitments and our entire biodiversity policy are available [here](#).

AXE 1 HAVE A POSITIVE IMPACT ON THE BIODIVERSITY AROUND US

LHF Commitments	Indicators	Deadline	Act4nature Commitments
Biodiversity inventory on 100% of our sites with important issue	% of sites inventoried/year	2025	1 to 5
Formalise and implement biodiversity action plans for 100% of strong issue quarries + 30% of quarries with moderate issue	% of sites with a PAB	2025	
Set up a unified approach to the challenges of Biodiversity, Climate and Circular Economy: Organisation a six-monthly internal cross-functional task force evaluating the impacts of products and proposing improvements	Meeting twice a year and Implementation of taskforce recommendations	Start in 2021	
Develop and market constructive solutions favorable to biodiversity, including climate and resource economy (incorporation of recycled materials, low carbon products and permeabilising products, etc.)	Achieve 25% of turnover contributing to sustainable construction	2025	

AXE 2 MOBILISE OUR EMPLOYEES

LHF Commitments	Indicators	Deadline	Act4nature Commitments
Create a biodiversity poster on 100% of our sites	% of sites with a biodiversity poster	2025	1 & 8
Support 5 voluntary projects proposed by employees per year	Number of projects initiated	From 2021	
Train or raise awareness 80% of employees in biodiversity	% of employees trained or made aware / year	2025
