

## La Macif's individual commitments to act4nature international

As an insurance service, Macif is committed on a daily basis to its 5.7 million members and customers. It offers protection offers and services for individuals in damage insurance, health-prevention and finance-savings.

Managing more than 18 million contracts, the insurance company achieved a turnover of nearly 6 billion euros in 2021. Macif has nearly 11,000 employees who all work in France.

Macif, as an insurance and responsible investor, has been acting for many years on four main levers for commitment to nature:

- contribute to the ecological transition in its internal practices, its offers and its partnerships,
- raise awareness and give its members the means to reduce their ecological footprint,
- invest in the protection and regeneration of natural environments,
- and support the positive impact programs of partner associations and institutions.

With its «Climate & Biodiversity» approach, Macif renews and strengthens its individual commitments in act4nature international to help halt the decline of biodiversity and protect the climate.

Common charter	Voluntary commitment Macif	Goals - means	Date / periodicity
4	Invest with the new Blue Fund Ocean to support startups who innovate for the regeneration of the ocean.	<ul style="list-style-type: none"> <li>• <b>Impact investing:</b> These are 25 million euros placed in this impact fund for the ocean created the Macif initiative (out of a total of 150 million euros collected) to fight against pollution, overfishing and for blue renewable energies. The investment choice of these 25 million in innovative impact startups will be done during this period with the scientific expertise of IFREMER, reference institute for knowledge of the ocean. <a href="https://www.ifremer.fr/fr/innover-avec-l-ifremer/le-fonds-d-investissement-blue-ocean">https://www.ifremer.fr/fr/innover-avec-l-ifremer/le-fonds-d-investissement-blue-ocean</a> <a href="https://www.swen-cp.fr/support/le-fonds-blue-ocean-de-swen-capital-partners-depasse-son-objectif-et-atteint-la-barre-des-150-millions-deuros/63583f4faded9">https://www.swen-cp.fr/support/le-fonds-blue-ocean-de-swen-capital-partners-depasse-son-objectif-et-atteint-la-barre-des-150-millions-deuros/63583f4faded9</a></li> </ul>	2023 to 2025
1 - 4	Continue and strengthen commitment biodiversity in strategic axes and Aéma Groupe/Macif shares.	<ul style="list-style-type: none"> <li>• <b>Governance, Commitment and Actions:</b> Deploy operations in favor of biodiversity in departments and entities of the Macif Commitment. - Two new traveling exhibitions «Biodiversity missions» to reduce its environmental footprint and the «Polar Podibus» workshop to understand the links between the southern ocean, the climate and marine biodiversity, - two national webinars per year members on the issues and transitions to action for climate and biodiversity, - a Macif Diffuz platform with already more than 900 challenges for the planet met by more than 14,000 citizens, - impact investments in the World Bank Ocean Fund and in the Blue Ocean fund for protection of marine environments. <a href="https://treasury.worldbank.org/en/about/unit/treasury/ibrd">https://treasury.worldbank.org/en/about/unit/treasury/ibrd</a> <a href="https://www.polarpod.fr/fr">https://www.polarpod.fr/fr</a> <a href="https://www.diffuz.com/">https://www.diffuz.com/</a> <a href="https://www.swen-cp.fr/support/le-fonds-blue-ocean-de-swen-capital-partners-depasse-son-objectif-et-atteint-la-barre-des-150-millions-deuros/63583f4faded9">https://www.swen-cp.fr/support/le-fonds-blue-ocean-de-swen-capital-partners-depasse-son-objectif-et-atteint-la-barre-des-150-millions-deuros/63583f4faded9</a></li> </ul>	2023 - 2025
8	Continue the training of delegates Macif elected officials on climate and the biodiversity.	<ul style="list-style-type: none"> <li>• <b>Training of elected officials:</b> Deploy thematic training climate/biodiversity with all Macif elected delegates - for example creation and deployment of the new Webinar/Debate Conference «Ready to change the world» for inform and train in SD, CSR, Climate, Biodiversity and Macif commitments in its management assets and its choice of NGO partnerships for the protection of biodiversity.</li> </ul>	2023 - 2024
2 - 9 - 10	Develop project partnerships with an impact on nature.	<ul style="list-style-type: none"> <li>• <b>Develop patronage:</b> Support financially and humanly associations and institutions for protection impact programs and/ or awareness of nature like Plastic Origins, Echappée Bleue and the Green Marine Europe label. Develop new partnerships with the «Ocean Friendly Restaurant» charter which has passed the threshold of the 100<sup>th</sup> restaurant committed, with the Polar Pod expedition which will set sail at the end of 2024 and for others upcoming National Museum programs of Natural History and the foundation UVED. <a href="https://surfrider.eu/sinformer/actualites/paul-meilhat-surfrider-europe-embarquent-lechappee-bleue-121305217418.html">https://surfrider.eu/sinformer/actualites/paul-meilhat-surfrider-europe-embarquent-lechappee-bleue-121305217418.html</a> <a href="https://surfrider.eu/nos-missions/dechets-aquatiques/plastic-origins-70172.html">https://surfrider.eu/nos-missions/dechets-aquatiques/plastic-origins-70172.html</a> <a href="https://greenmarineeurope.org/fr/">https://greenmarineeurope.org/fr/</a> <a href="https://surfrider.eu/nos-missions/dechets-aquatiques/ocean-friendly-restaurants-70182.html">https://surfrider.eu/nos-missions/dechets-aquatiques/ocean-friendly-restaurants-70182.html</a> <a href="https://www.polarpod.fr/fr">https://www.polarpod.fr/fr</a></li> </ul>	2023 to 2024
4	Have more real estate environmentally friendly and less energy consuming.	<ul style="list-style-type: none"> <li>• <b>Sustainable real estate:</b> Reach 50% of buildings certified in operation by 2023 - Objective revised upwards (versus 40%) for the entire real estate portfolio in operation with certification BREEAM for ecological management buildings and their green spaces and HQE-B Operation certification. Tertiary buildings which are thus certified on several themes/targets : energy, comfort/health, transport, nuisances/ pollution, materials, waste and biodiversity.</li> </ul>	2023
5-8	Limit the environmental impact of our tertiary operating sites by eco-friendly gestures in the office.	<ul style="list-style-type: none"> <li>• <b>Energy Sobriety:</b> Reduce energy consumption by 30% Macif by 2025 (vs 2016). - Raising awareness of eco-friendly actions in the office, photovoltaic installations, monitoring energy consumption on Deepki platform, kWh Balance offer Edf...</li> </ul>	2023 - 2025
